

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

March 7, 2007

Dear Application Examiner:

On behalf of Best Buy Purchasing, LLC, Northwest EMC Inc is submitting this application for the certification of the 2.4GHz transmitter, FCC ID: UQ5RFWHTIBSEND. The transmitter will be installed in Best Buy's Rocketfish home theater device, M/N: RF-WHTIB (Sender). This is the sender unit for a wireless home-theater-in-a-box rear-channel speaker extender. There is a single data rate available for link control, stereo audio, and Over-the-Air Serial Interface control information. The transceiver uses PI/4 differential quadrature phase shift keying modulation and 2MHz channel spacing. Channels used extend from 2405MHz (Channel 2) to 2477MHz (Channel 38). The RF-WHTIB unit is powered from the AC Mains.

The radio has two antenna ports. Both ports utilize a Walsin Technology Corporation 2dBi ceramic chip antenna. This configuration satisfies the requirements of 47 CFR 15.203.

The technical reports and exhibits demonstrate compliance with FCC rules 47 CFR 15.247 as a DTS transmitter.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
