Re: Request for confidentiality

Applicant: HandEra

FCC ID: URZ-WF10040

To whom it may concern,

***Permanent Confidentiality***

Request is hereby submitted by HandEra to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Tune up procedure
- Parts list

**Rationale for request for confidentiality:**

Jorjin has invested considerable time and materials in research and development to produce a component in the referenced product.

Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by them.

Sincerely,

A handwritten signature in black ink, appearing to read "Doug DeVries". The signature is stylized with a large "D" and a long, sweeping underline.
