Bluetooth Module – use of existing test data

Dear Sir or Madam,

We, **Paxton Access Limited**, hereby declare that the following original module test data represents the same characteristics in the final product.

Filed under FCC ID: SQGBL652

Report No.: FR662202AE – Radio Test Report

Report No.: FA662202 – RF exposure Test Report

The final product complies with the module device usage and grant conditions with the exception of collocation with other transmitters. Co-Location Radio Testing for simultaneous transmission has been performed on the final product. Please refer to the following test data:

Report No: 75942506-04 Issue 01

Yours Sincerely,

Brett Glass

Head of Compliance
