

Paxton Access

Attention:
Application Examiner

Re: Request for confidentiality

Applicant: Paxton Access Ltd

FCC ID: USE353210

21st June 2007

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by Paxton Access Ltd to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

1. Schematics
2. Detailed Block diagrams
3. Detailed Operational/Functional Description
4. Parts Lists
5. Internal Photos

Rationale for request for confidentiality of all items above.

Paxton Access Ltd has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The device is permanently sealed or potted, and any attempt to open it would result in destruction of the device.

Sincerely,

Quality Manager
Paxton Access Ltd
