Label MX3-IZ Locator Reflective

10000942

This device complies with Part 15
of the FCC Rules. Operation is
subject to the following two
conditions:

- 1) This device may not cause
harmful interference, and
- 2) This device must accept any
interference received, including
interference that may cause
undesired operation.

FCC ID: USK-10000615
IC: 11898A-10000615

IntelliZone
PROXIMITY DETECTOR

IntelliZone Proximity Detector is a non-invasive, non-destructive, and non-toxic device that can detect the presence of metal objects within a range of up to 10 feet. It is ideal for use in a variety of applications, including security, inventory management, and asset tracking. The device is easy to use and requires no programming. It is also highly accurate and reliable. For more information, please visit our website at www.intellizone.com.
