A black, rectangular device with rounded corners, possibly a mobile phone or a small electronic component. The device is oriented horizontally. On the left side, there is a white rectangular label with the text "ID LABEL" in red. To the right of the label, there is a square-shaped port with a white interior, likely a micro-USB or similar connector. Further to the right, there is a circular port, possibly a speaker or a microphone. The device is set against a blue background.
