**Table of Contents:**

Pg.1 Summary

Pg. 2 Installation, Use, Maintenance, Return or Replacement

**Summary:**

This manual describes the installation, use, and maintenance of the T1000 TAG Rev02.

DO NOT CHANGE WITHOUT APPROVAL OF MSHA

**Installation:**

Permanently attach the T1000 TAG to your helmet using adhesive, or other MSHA-approved permanent mounting hardware.

**Use:**

The T1000 TAG will periodically send a digital radio message containing a unique ID code that can be received by networked receivers installed in a mine. The tag is intended to be worn at all times while in the mine.

**Maintenance:**

The T1000 TAG is not user replaceable or serviceable. If the tag is damaged or inoperative, please return the unit to the distributor for replacement.

**Return or Replacement:**

If a T1000 TAG is damaged or inoperative, please return the unit to the distributor for replacement.
