Viareggio March 18th, 2016

Attn: Reviewing Engineer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Object: Declaration Letter for R4301P - ION - RFID UHF Portal Reader,
R4301PXGPRS - ION - RFID UHF Portal reader with GPRS and
R4301PXWIFI - ION - RFID UHF Portal reader with WIFI

FCC ID: UVECAENRFID022

The product submitted for the FCC certification is available in three versions:

- 1) R4301P, that is without the optional GSM/GPRS modem and without the optional WIFI interface.
- 2) R4301PXGPRS, that differs from R4301P only for the presence of a FCC certified GSM/GPRS modem.
- 3) R4301PXWIFI, that differs from R4301P only for the presence of a FCC certified WIFI interface module.

Pretesting measurements of all versions have shown the same RF behaviour, so we request to apply only for one FCC grant.

The test report provided for the certification application contains the measurements performed on the R4301PXGPRS version.

Sincerely

Adriano Bigongiari
Chief Operating Officer
