

Declaration Letter

We are declaring that the product function:

- 1 P200 Printer USB port is not connection to PC device and not charge function.
- 2 And with RFID function communication via bluetooth transmission data, It is not meantime working.
- 3 Other for card slot that is SAM card, only data security for software, is not for GM device interface.

Sincerely,

A handwritten signature in blue ink, appearing to read "Huian Gao", written over a light blue rectangular background.
