- Clean with a dry lint-free cloth.
- Do not use spirit based cleaners.
- Avoid damp.
- Avoid temperature extremes.
- Avoid direct sunlight.
- SAFETY NOTICE: Trailing cables are dangerous, secure all cables.

WARNING
TO REDUCE THE RISK OF FIRE OR ELECTRICAL SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

Explanation of Graphical Symbols

The lightning flash with arrowhead symbol within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the products enclosure that may be of a sufficient magnitude to constitute a risk of electrical shock to persons.

A combined mains power input plug and country-specific mains plug is provided.
Check before connecting to your local mains supply, that the local supply voltage is the same as that marked on the rear panel. If it is not, check with your supplier before proceeding.

The exclamation mark within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Correct Disposal of This Product: This marking indicates that this product should not be disposed with other household wastes throughout the EU to prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources.

To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmentally safe recycling.

FCC Compliance Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Changes or Modifications not expressly approved by the party responsible could void the user's authority to operate this device.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Please take heed of the following before using the KEF Speaker. Note also that the word "appliance" shall refer to the KEF speaker, or any part of it.

- Read Instructions** – All the Safety and Operating Instructions should be read before operating the appliance.
- Retain Instructions** – The Safety and Operating Instructions should be retained for future reference.
- Heed Warnings** – All warnings on the appliance and in the Operating Instructions should be adhered to.
- Follow Instructions** – All Operating and Use Instructions should be followed. Only use attachments/accessories specified by the manufacturer.
- Important** – Do not defeat the safety purpose of the polarized or grounding type plug. The third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet. Refer all servicing to a qualified service personnel. Servicing is required for any damaged parts such as power supply cord or plug.
- Water and Moisture** – The appliance should not be used in or near water; for example, near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, near a swimming pool, and the like. The appliance shall not be exposed to dripping or splashing. Care should be taken so that objects containing liquids are not placed upon or spilled into the enclosure through openings and that no objects filled with liquids, such as a vase, shall be placed on the appliance.
- Ventilation** – The appliance should be situated so that its location or position does not interfere with its proper ventilation. For example, the appliance should not be situated on a bed, sofa, or similar surface that may block any ventilation openings.
- Heat** – The appliance should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.

9. **Power Sources** – The appliance should be connected to a power supply only of the type described in the Operating Instructions or as marked on the appliance and it shall remain readily operable. The mains plug is used as the disconnect device. To be completely disconnected from the power input, the mains plug of the appliance must be disconnected from the mains completely. The building installation shall be regarded as providing protection in accordance with the rating of wall socket outlet.

- Power Cord Protection** – Power supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them. Pay particular attention to cords at plugs, convenience receptacles and the point where they exit from the appliance. The mains plug should not be obstructed or should be easily accessed during intended use.
- Attachments and Accessories** – Use only attachments/accessories specified by the manufacturer.
- Handling** – The appliance should be transported with the cart, stand, tripod, bracket, or table specified by manufacturer or sold with the apparatus. When a cart is used, pay caution when moving the cart/appliance combination to avoid injury from tip-over.
- Non-use Periods** – Unplug the appliance during lightning storms or when unused for long periods of time.
- Damage Requiring Service** – The appliance should be serviced by qualified service personnel when:
 - The power supply cord or the plug has been damaged or
 - Objects have fallen or liquid has been spilled into the appliance or
 - The appliance has been exposed to rain or
 - The appliance does not appear to operate normally or exhibits a marked change in performance or
 - The appliance has been dropped or the enclosure is damaged.
- Servicing** – The user shall not attempt to service the appliance beyond that described in the Operating Instructions. All other servicing should be referred to qualified service personnel.

WARRANTY INFORMATION

(A) IMPORTANT

- Warranty may vary according to the local legal requirements of the country concerned. Contact your local authorised KEF distributor ("Authorised Distributor(s)") for details of specific warranty terms and relevant service procedures. For the list of authorised KEF distributors worldwide, please visit www.kef.com.
- This warranty is in addition to, and in no way detracts from, your statutory rights as a consumer under any applicable laws governing this warranty.
- If any provision of this warranty is unlawful, void or unenforceable under the applicable laws governing this warranty, that provision shall be deemed severable and shall not affect the validity of any of the remaining provisions.

(B) WARNING

- Purchase KEF products (including passive loudspeakers, active loudspeakers, powered subwoofers, motorised speakers, electronics and headphones ("KEF products")) only from dealers ("Authorised Dealers") and distributors authorised by KEF in their respective jurisdiction to sell genuine KEF products. Do not entrust repair work to unauthorised persons. The components necessary to maintain the original performance of the KEF products are available only through Authorised Distributors. Warranty is provided only to KEF products purchased from an Authorised Dealer and accompanied by proof of purchase. No warranty is provided to any product and/or any components not purchased from an Authorised Dealer/Distributor. Keep and produce receipt or proof of purchase in the event that service of your product is required. Information such as the date of the original purchase, the name and model number of the product, and the details of the Authorised Dealer must be clearly stated on the relevant receipt or proof of purchase.
- The terms and conditions of this warranty may be revised from time to time by KEF and you agree to be bound by the latest terms. Any updates to this warranty will be posted on the official website for KEF products, www.kef.com.

(C) WARRANTY PERIOD

- All KEF Products are precision engineered and the Authorised Distributors provide warranty against **FAULTY MATERIAL AND/OR WORKMANSHIP** for the following products from the date of original purchase is as follows:-
 - Passive loudspeakers: FIVE years
 - Active loudspeakers, powered subwoofers and motorised speakers: ONE year, or TWO years if purchased in the European Union
 - Electronics and headphones: ONE year or TWO years if purchased in the European Union
 This warranty will not be extended or renewed at the expiry of the above period.

(D) WARRANTY COVERAGE AND LIMITATIONS

- This warranty is only valid in the country of purchase and only applies to the first purchaser of the KEF product(s) from an Authorised Dealer. This warranty does not extend to any other person or transferee and terminates if you sell or otherwise transfer the KEF product(s) to another party/entity.
- This warranty does not cover any of the following:-
 - normal or fair wear and tear and/or any wear from environmental deterioration of the KEF product and/or its components
 - mechanical damage or derangement of the KEF product in transit that is not attributable to the fault of KEF and its Authorised Distributor
 - deterioration of any consumable components of the KEF product which would become worn or depleted through use (e.g. batteries)
 - any KEF product whose serial number/label(s) is/are missing, made illegible, defaced, altered, removed or damaged
 - any KEF product and/or any of its components that is not purchased from an Authorised Dealer/Distributor, including any parallel imports or grey market products
 - incorrect or unauthorised components which have been substituted and/or used for the KEF Product

- any KEF Product and/or any of its components which have been installed, disassembled, repaired, converted, modified, tampered with or otherwise interfered with in any way by any person/entity other than an authorised representative of KEF and its Authorised Distributors
- any defects, malfunction, loss and/or damages caused by or resulting from any of the following:-
 - any of the circumstances set out in (a)-(g) above
 - any accident or negligence not caused by the fault of KEF and its Authorised Distributors
 - any improper installation or connection of the KEF product, (including without limitation any improper connection of the KEF product to improper voltage or power source) not caused by the fault of KEF and its Authorised Distributors
 - any improper care, dropping, mishandling, misuse, abuse or unreasonable or improper use, operation or maintenance of the KEF Product
 - any operation of the KEF product with any faulty, unsuitable or inappropriate apparatus and/or ancillary equipment
 - any use of the KEF Product under abnormal or inappropriate voltage or power surges
 - failure to use, operate or maintain the KEF product in accordance with the instructions set out in the user's manual
 - exposure of the KEF product to extreme temperature, heat, water or other liquids, insects, excessive moisture, sand, chemicals, battery leakage or any other contaminants
 - any force majeure events, including but not limited to any acts of God, fire, lightning, typhoon, storm, earthquake, hurricane, natural disaster, tsunami, flood, war, riot, public disturbance
 - any other causes beyond the reasonable control of either KEF and its Authorised Distributor.

(E) LIABILITY

- Other than the warranty and services set out in this warranty, to the fullest extent permitted by law, KEF and its Authorised Distributors shall not be liable to you and/or any third party or entity whatsoever for:-
 - any loss, damages and/or malfunction caused to any product(s) which is/are connected to any of the KEF products;
 - any damages, loss and liability (except for any personal injuries or death), whether direct, indirect, incidental, consequential, special, punitive or otherwise, howsoever caused by, arising out of, or otherwise in relation to the installation, delivery, use, service, repair, replacement and/or maintenance of the KEF product; or
 - any damages, loss and liability (except for any personal injuries or death) under this warranty in respect of any act, omission, or negligence of any of their technicians, employees, agents, representatives or independent contractors relating to the actual or purported performance of any of the obligations under this warranty.
- Without limiting the above, the maximum liability of KEF and its Authorised Distributors under this warranty shall not in any event or under any circumstances exceed the actual purchase price paid for the KEF product(s).

 Use only the power supply adaptors listed in the user instructions.
