Hello Thu,

You are listed as the main contact for this application, so I am sending this to you, but with cc to others also. Reply can come from anyone.

The application is complete. There is only one question:

Q1: Please provide an internal photo clearly showing the antenna. The operation description describes a chip antenna. The internal photos show only what appears to be a short length of coaxial cable.

Best regards,

Tim Dwyer
CCS Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
