**New FCC ID application based on FCC ID: UYW-425-0002**

I hereby request a new FCC ID, UYW-0015010000, for the True Heading Vision Pro 0015010000 based on the SRT Apollo 425-0002, FCC ID UYW-425-0002 granted on 29<sup>th</sup> September 2016.

The True Heading Vision Pro differs from the Apollo 425-0002 only in branding, its features, functionality and performance are the same. The branding extends to the front panel label and the covers on the product manual, nothing else is different. Therefore, all the test results and reports provided with the original application for the Apollo 425-0002 apply equally to the True Heading Vision Pro.

This letter is permission from SRT Marine Systems plc for an application to be made for a new FCC ID for the True Heading Vision Pro based on the grant for the Apollo 425-0002, FCC ID UYW-425-0002, and using the reports provided as part of that original application.

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'Abdul R Mohammed', with a horizontal line drawn through it.

**Abdul R Mohammed**  
**Compliance Engineer**
