Dear Sir or Madam

**FCC ID: UYW-4030-0002 – Certification Application**

I hereby declare that the attached report 'Ex11b RF Exposure - 75905837 Report 03 Issue 1' detailing the RF exposure calculation for the AIS class B transceiver model number AIS500 can be used to assess the RF exposure for the Neon 403-0002 AIS class B transceiver. Both products utilize identical radio transmitter technology and therefore the report is equally valid for both products.
