Subject: FCC ID: UZ72119976501 and IC: 109AN-2119976501

To the commission and reviewer,

This module is not intended for OEM integrators and designed only to be used by Zebra in Zebra devices. The Zebra engineering teams are aware of the limitation of the device and will comply with the output power and antenna limitation as identified in the FCC Grant. Any change, modification, or installation of this radio module will be addressed with a Class 1 or Class 2 Permissive Change as necessary.

Any device that utilizes this radio module will be labeled in a visible location with following if the module label is not visible:

This device contains and Approved Radio Module
MODEL: 21-199765-01
FCC ID: UZ72119976501
IC: 109AN-2119976501

Respectfully,

A handwritten signature in black ink that reads "Mark S. Luksich". The signature is written in a cursive, flowing style.
