4. Antenna (s) –
5. Stand-alone – This radio was tested in a test jig.

Regulatory Engineering

6. Label –
7. Instructions – An instruction Guide is made available that details all the necessary information for a compliant installation in a host device.
8. RF exposure requirements - See pages 22 – 24 of the Installation Guide.

6. Declaration of Part 15 Subpart B Compliance

We Motorola Inc., as the grantee of this device would like to declare that the composite portion categorized as computer peripheral has been authorized under the Declaration of Conformity procedures.

7. 5.60 -5.65 GHz Restricted band Declaration

We, the undersigned, attest that this device does not support operation in the 5.60 – 5.65 GHz band. The firmware on the device restricts the operation in this frequency band and does not utilize the channels in this band.

Respectfully,

Mark S. Luksich
