

## Regulatory Engineering

---

September 22, 2011

Federal Communications Commission  
Office of Engineering and Technology  
Equipment Authorization Division  
7345 Oakland Mills Road  
Columbia MD 21046

SUBJECT: Class II Permissive Change for FCC ID: UZ7AP6

To the commission,

The product, Access Point, Radio Module AP-6, was issued a grant by the FCC dated 02/02/2011 under FCC ID: UZ7AP6.

Now we, Motorola Solutions, Inc. would like to modify the authorized equipment with the following changes:

- ◆ Add RF output power settings for NCAP PIFA antenna

Except for the change above, no other modification is performed. Also, the change does not have any impact on the approved radio parameter such as power, frequency range, modulation etc.

Respectfully,

A handwritten signature in cursive script that reads 'Mark S. Luksich'.
