Federal Communications Commission

Office of Engineering and Technology

Equipment Authorization Division

7345 Oakland Mills Road

Columbia MD 21046

Subject: FCC Attestations, Authorizations, Declarations

FCC ID : UZ7KHUSB601 / Model No.: KHUSB601

To the reviewer:

Motorola Solutions, Inc., hereby I certify that submitted documents properly describe the device or system for which equipment certification is sought. I also certify that each unit manufactured, imported or marketed, as defined in FCC's regulations will have affixed to it a label identical to that submitted for approval with this application.

In Addition, Motorola Solutions, Inc., also acknowledges that all responsibility for complying with the terms and conditions for Certification, still resides with Motorola Solutions, Inc., One Motorola Plaza Holtsville, NY 11742 USA.

Motorola Solutions, Inc., hereby have entrusted the person Leo Huang of Sporton International Inc. to be a proxy regarding application for Type Certification. We are therefore responsible for the contents of the application (Model No.: KHUSB601).

submitted by means of this application, will be continuously produced in compliance with FCC regulations. In relation to this, we accept all consequences of market surveillance performed by FCC or acting Certification Body as specified in the FCC's regulations.

In Addition, Motorola Solutions, Inc., pursuant to Sections 0.457 and 0.459 of the Commission's Rules, the Applicant Hereby requests confidential treatment of information accompanying this Application for Listing as outlined below:

1. Operational Descriptions
2. Schematics
3. Block Diagrams

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors.

In Addition, Motorola Solutions, Inc., attest that this device does not support access, by any party (End User or Professional Installer), to disable DFS. There are no controls or selections in the product firmware that can turn off/disable DFS.

In Addition, Motorola Solutions, Inc., declare that the EUT (Model Name: KHUSB601) doesn't have Ad Hoc function on "non-US frequencies" and/or "on DFS frequencies". In non-associated mode, that software and associated drivers will not initiate any transmission on DFS frequencies. This includes transmissions for beacon ad-hoc peer-to-peer modes.

In Addition, Motorola Solutions, Inc., declares that the EUT (Model Name: KHUSB601) will be installed into AP-8263 and AP-8163, so that we will not supplying an Integrator Manual for third party OEMs.

In Addition, Motorola Solutions, Inc., will ensure that our MODEL: KHUSB601 under FCC ID: UZ7KHUSB601 submitted by means of this application, will be continuously produced in compliance with FCC regulations. In relation to this, we accept all consequences of market surveillance performed by FCC or acting Certification Body as specified in the FCC's regulations.

If you have any questions regarding the authorization, please don't hesitate to contact me.

Respectfully,

Mark S. Luksich
