Federal Communications Commission Office of Engineering and Technology Equipment Authorization Division 7435 Oakland Mills Road Columbia, MD 21046

Ref: FCC ID: UZ7TC7301

AUTHORIZATION LETTER

We, the undersigned, hereby authorize Jim Tsai in Sporton International Inc (Kunshan). to act on our behalf in all manners relating to FCC application for equipment authorization, including signing of all documents relating to these matters. Any and all acts carried out by Jim Tsai in Sporton International Inc (Kunshan). on our behalf shall have the same effect as acts of our own. If you have any acknowledgement and response, please send it to Sporton International Inc (Kunshan).

If you have any acknowledgement and response, please send it to Sporton International Inc (Kunshan). directly.

Confidentiality Request

Pursuant to the provisions of Sections 0.457 and 0.459 of Commission's rules (47CFR§§0.457, 0.459), we are requesting the Commission to withhold the following attachment(s) as confidential document from public disclosure indefinitely.

- Schematic Diagram
- Block Diagram
- Part List
- Operational Description
- Tune-up Procedure

Confidentiality Request

pursuant to Public Notice DA 04-1705 of the Commission' s policy, in order to comply with the marketing regulations in 47 CFT §2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We are requesting the commission to grant shot-term confidentiality request on the following attachment(s) for 180 days after the grant as outlined in Public Notice DA 04-1705.

- Internal Photos
- External Photos
- Test Setup Photos
- User Manual

It is our understanding that all measurement test reports, FCC ID label format and correspondent during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Label Location Attestation

We attest that the label of device FCC ID: UZ7TC7301 is located in the battery room. The label is visible to the users as they purchase the product and install the battery.

Class II Permissive Change

SUBJECT: Class II Permissive Change for FCC ID: UZ7TC7301, approval date: 10/16/2022

This is to request a Class II Permissive Change application for above referenced device. The change filed under this application is:

Enable WIFI6E via software

Except the change described above, the design and hardware are exactly the same with original.

Declaration Letter

We attest that this device under FCC ID: UZ7TC7301 contains Qualcomm WCN6856 chip for WIFI6E client implementation. Qualcomm has declared the dual client device power adjustment will be solely controlled by software QCM6490.LA.1.0.

And this is a dual client device and the RF power has been certified under 24dBm EIRP.

If you have any questions regarding this authorization, please contact me directly.
