BandRich

Attestation Letter

I, the undersigned, declare that the device just only supports RJ45, RJ11, micro-USB and power ports. Other ports are only for debugging and some professional used. These connected ports are not standard ports. It needs one special connector or cable which is manufactured by BandRich. BandRich doesn't provide this kind of cable to end-user.

Product Name: LTE/HSPA+ VoIP Router
Brand Name: BandLuxe
Model No.: R505
FCC ID: UZI-R505
