RE: CONFIDENTIALITY REQUEST

Gentlemen/Ladies:

RG3 Meter Company respectfully requests confidentiality of certain materials provided with the submission of the Tesla EcoPoint ECO under FCC ID: V2A-ECO in accordance with FCC 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the schematics, theory of operation, and system block diagram contained in this filing and included in the following files.

15-2038 – Schematics.pdf
15-2038 – Block Diagram.pdf
15-2038 – Theory of Operation.pdf

The Tesla EcoPoint ECO has been developed at considerable effort and expense by RG3 Meter Company. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Pintok", written in a cursive style.
