RE: CONFIDENTIALITY REQUEST

Dear Sir or Madam:

Infinity Metering, Inc. respectfully requests confidentiality of certain materials provided with the submission of the Tesla TR3 under FCC ID: V2A-TR3 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the schematics, theory of operations, and system block diagram contained in this filing and included in the following files.

09-0163 – Schematics.pdf
09-0163 – Theory of Operation.pdf
09-0163 – System Block Diagram.pdf

The Tesla TR3 has been developed at considerable effort and expense by Infinity Metering, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possible result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason Pintok".
