User Manual

Please note your phone is battery-embedded design with removable battery and battery cover. Unauthorized personnel are strictly prohibited from disassembling the phone. Make sure to use only the power adapter (5V 2A Output AC/DC) that came with PM550.

In case your phone does not work as expected, you are strongly recommended to restart it by pressing and holding the power button for at least 12 seconds until the startup screen appears. If your phone has encountered a serious error and cannot be recovered, you should reset your phone to factory settings by using the menu, either “Backup & Reset”, or “Factory Reset”. For more details, please refer to “Factory data reset” section on page 49

This device can be operated in at least one Member State without infringing applicable requirements on the use of radio spectrum.

Note: Please be cautious while performing the factory data reset. Because this will erase personalized settings and data saved in your phone, such as SMS, Contacts, Music, etc.

PROTECT YOUR HEARING

To prevent possible hearing damage, do not listen at high volume levels for long periods. Exercise caution when holding your device near your ear while the loudspeaker is in use.

Major Parts

Getting Started

1. LED Indicator

2. Touch Screen

3. Key pad

Major Parts

Getting Started

- 4. Scanner
- 5. Scanner trigger
- 6. Gun grip
- 7. Charging pad
- 8. Battery locker
- 9. Power key
- 10. USB port

Accessory

AC/DC adapter

Getting Started

Plug (US/ EU/ UK)

Li-ion battery (6500mAh)

Charge PM550

Getting Started

1. Insert "Battery" into the gun grip and turn it to "Lock" position

Press battery lock button

Charge PM550

Getting Started

2. Connect the AC/DC adaptor to your device and wall socket respectively

3. LED indicator will display charging status.

Steady Red	Battery is charging
Blinking Red	Battery level is critical low
Steady Green	Battery is fully charged

PM550 Battery Specification

Main Battery	6,500mAh / 3.63V
Backup Battery	60mAh / 3.7V
Charging time	About 6.5 hours

Note: Always use an original charger and cable from the Point Mobile. Other chargers and cables may damage PM550. In addition, make sure connector, charger, cables are not wet.

Turn On/Off PM550

Getting Started

Turn On

1. Press and hold the “Power Key” for a few seconds.
2. When PM550 enter to the boot mode, it will display “SMART BEYOND RUGGED” logo with short vibration
3. Release the “Power Key” and wait until PM550 finish booting

Note: If you cannot turn on your PM550, try below steps

- To turn on PM550, battery needs to be charged certain level. Please charge first
- Press and hold the “Power key” for 12 seconds to force reboot
- Press and release the “Reset Hole” and then turn on PM550 again (Check)

Turn Off

1. Press and hold the “Power Key” until you see the power menu

2. Among the menu, tap “Power Off”

Hot swap the battery

Getting Started

When battery level is low, you can replace the battery without turning off and on PM550.

Press battery lock button

- Remove the Battery and replace to another one.
- Make sure the battery is locked properly.
- Press the Power Key to use PM550 again.

Use a keypad

Learning the basics

Power key

Press

- Lock the screen / Light up the screen.

Press and hold

- Display the power menu “Power Off / Reboot / Airplane mode”

Press and hold for 12seconds

- Forced to reboot

Press the “Power” key and “Home Button” key together

- Screen capture

Scanner Triggers

When “Scan Setting” is turned on

- By pressing, PM550 scan the barcode.

Using a keypad

Learning the basics

Numeric Keypad

Recent Apps key

- Press to see recently used apps.

Home key

- From any apps or screens, press to return to the Home screen.

Back key

- Press to go back to the previous screen, or to close a dialog box, options menu, notification panel, etc.

Numeric key

- Press to type numbers in the keypad

Yellow Key combination

- Press to type alphabet or special character

Blue Key combination

- Press to type function key (Blue color)

Use a touch screen

Learning the basics

**Touch**

One-finger press

**Double touch**

One-finger press, lift, one-finger press, lift for “Zoom in”

**Long press**

One-finger press, wait, lift for “Select an item”

**Drag, Swipe, or Fling**

One-finger press, move, lift for “Scroll” or “Tilt”

**Long-press drag**

One-finger press, wait, move, lift for “Pick up and move” or “select multiple items”

Use a touch screen

Learning the basics

Scroll

Vertical or horizontal swipe in a single direction

Pinch Open & Close

Two-finger press, move outwards and inwards, lift for “Zoom in and out”

Rotate

When PM550 is turning sideways, screen orientation is changing

Setup Wizard

Learning the basics

When you power on your device very first time or boot after factory reset, you need to setup your device

Language Selection

- Choose your language during setup process. Default is English

Touch here to start setup your device

You can copy other device's settings to your PM550 or setup as a new device

Copy your data

- You can copy your settings from other Android phone or Google account or iPhone

Set up as new

- Set your PM550 as your new device

Setup Wizard

Learning the basics

Copy your data process

- Touch here to copy settings from your other devices

To copy your settings, please connect your PM550 to Wi-Fi network

Setup Wizard

Learning the basics

Choose the device or cloud where you want to copy the settings.

Setup Wizard

Learning the basics

Setup as new

- Touch here to set your PM550 as your new device

During setup process, Google services setup required.
Please connect your device to your Wi-Fi network.

Setup Wizard

Learning the basics

After your Google account login, you can set PM550's name. Touch here to set a name

Choose security option for lock screen. You set specific pattern or PIN or password here.

Setup Wizard

Learning the basics

Google services

Tap to learn more about each service, such as how to turn it on or off later. Data will be used according to Google's [Privacy Policy](#).

Location

Help apps find location

Use Google's location service to help apps determine your location. Anonymous

To review the Google services option, please touch **MORE** button. You can turn On/Off specific service

Your account settings can manage it in My Activity.

Install updates & apps

By continuing, you agree that this device may also automatically download and install updates and apps from Google, your carrier, and your device's manufacturer, possibly using cellular data. Some of these apps may offer in-app purchases. You can remove these apps at any time.

You also hereby consent and grant preloaded Google apps permission to access information and functions on your device. See [this page](#) for more information on usage of these permissions.

If you continue, you also agree to the [Google Terms of Service](#).

After your reviewing and set Google services option, touch **AGREE** button for next step

Setup Wizard

Learning the basics

Touch to setup another e-mail account

Touch to use Smart Lock On-body detection

If you set up is done, touch ALL SET extra Touch an icon to run an app, open folder, etc

PM550's default setting is **High accuracy** mode which use GPS, WLAN for accurate location tracking. If you want to enable hardware acceleration as well, please check **Location consent**

Home Screen, Apps and Widget

Learning the basics

Home Screen, Apps and Widget

Learning the basics

To access app folder

- Touch the app folder then you will see apps in the folder.
- To change app folder's name, touch the bottom area of the folder.

To see App's option for quick access

- Long press the app icon. Then you will see options from the app. Here option may differ by app

Home Screen, Apps and Widget

Learning the basics

Organize the app icon in the home screen

- Long-press drag the app icon and place where you want. You may place app icon to next panel
- If you want to remove the app icon, drag it to "Remove" area and release

Create "App Folder"

- Long press the app icon to other app icon. This will create the "App Folder"
- To set the folder name, touch the "Unnamed Folder" and rename it

Home Screen, Apps and Widget

Learning the basics

Notification panel

When there is notification from the Android (system) or the App, you can check details by drag down the "Status Bar".

Quick setting panel

You can access "Quick setting panel" by drag down the "Notification panel". You can enable / disable functions or change modes easily.

Home Screen, Apps and Widget

Learning the basics

Edit Quick settings panel

To change the order of icon in the Quick settings panel, touch the  Edit icon

By dragging the icon, you can customize the Quick settings panel

Home Screen, Apps and Widget

Learning the basics

Touch the  App drawer icon, to see apps in your PM550

All installed apps are listed alphabetically

- Tap app icon to run.
- Long press, specific app icon to place to the “Home Screen”.
-

Home Screen, Apps and Widget

Learning the basics

By drag up the Favorite tray apps area, you can also access to app list in your PM550

Home Screen, Apps and Widget

Learning the basics

To add a Widget in the Home screen, long press the empty space. Then you will see WALL PAPERS, WIDGETS, SETTINGS menu. Touch WIDGETS

Available widgets are listed. Among the list select the widget which you want to add and place it to the Home screen by drag and release

Home Screen, Apps and Widget

Learning the basics

By pressing the  Recent button in the keypad, you can see app list which you access

Touch the app, if you want to use or access the app.

If you want to close individual app, long press the app and then touch  icon

If you close all of the apps, then touch CLEAR ALL button

Status & Notifications Icons

Learning the basics

Status icons

	WLAN is on		Connected to a WLAN network
	Bluetooth is on		Connected to a Bluetooth device
	Battery is full		Battery is partially drained
	Battery is low		Battery is very low
	Battery is charging		
	GPS is on		Alarm is set
	Vibrate mode/ Mute		

Notification icons

	New Email		Connected to VPN network
	Upcoming event		Screenshot captured
	OTG device connected		
	File uploaded		File downloaded
	There are more notification		Other input method available

Connect to your Wi-Fi network

Learning the basics

Touch  "App drawer" icon →  "Settings" and then "WLAN"

Touch to turn On/Off the W-Fi

You can see nearby Wi-Fi network. Each AP's SSID information listed by signal strength

 Icon means: Open Wi-Fi network. You don't need to enter the password

 Icon means: Secured Wi-Fi network. To connect this Wi-Fi, you need to enter the password

Connect to your Wi-Fi network

Learning the basics

Touch SSID, which you want to connect.
To connect to the secured Wi-Fi network, enter the password

Your PM550 is obtaining the IP address from the selected AP

Use a Scanner

Scanner Settings

Default setting of Scanner is "Off"
To use the Scanner,

- Touch  EmKit and then "ScanSetting"
- Touch  "App drawer" icon →  "Settings" and then "ScanSettings"

Touch to turn on the Scanner

Use a Scanner

Scanner Settings

Now you can see “Scanner” icon in the “Status Bar”

Note: When “Scanner” turned on, you can scan the barcode with “ScanDemo” in the EmKit

Use a Scanner

Scanner Settings

Scanner setting details

Scanner setting consist with “Basic”, “Options”, “Notification”, “Wedge”, “Symbologies”, and “About”

In the “Basic”, you can set “Scanning” option and “Wedge mode” option

In the “Scanning menu”, you can change Scanner’s trigger time out and set “Auto scan” & “Continues scan”

In the “Wedge menu” you can change, decode scan data’s result type handling “User Message”, “Keyboard Event”, “Clipboard’ or ‘Intent Broadcast’. Also you can set Terminator as “None”, “Space”, “Tab”, “LF” or “Tab & LF”

Use a Scanner

Scan a Barcode

Scanner Settings

Example of good Barcode reading

Idle barcode scan
Please aim the middle of barcode

Even you aim the barcode slightly upper or down area or angle is tilted, you can read the barcode

Scan a Barcode

Scanner Settings

Example of bad Barcode reading

If you aim the barcode wrong direction or tilt too much, you can't read the barcode

If you aim part of Barcode or aim two barcode together, you can't read the barcode

OS Image update from a Storage

OS Update

To update OS image, copy or place OS image file into the root folder of "Internal Storage"

Touch  "App Drawer" →  "Settings" and then "About phone"

Touch "System updates"

OS Image update from a Storage

OS Update

Your PM550 will check storage and display available OS image

Touch "Update" button

By touching the "CONTINUE" button, your PM550 start to update the OS image. During this time, you cannot use your PM550. Please save the data before start, the OS update process.

OS Image update from the FOTA

OS Update

Tap  icon for the advanced option access

Touch "FOTA Client"

OS Image update from the FOTA

OS Update

PM550 will compare the OS image between FOTA server and current OS image. If there is newer OS image in the FOTA server, FOTA server will suggest downloading.

Touch "OK" to start download the image in the FOTA server

You can cancel OS image download process

Note: Default OS image download setting of FOTA Client is "Download over Wi-Fi only" Please connect to the nearby Wi-Fi network for FOTA service

Factory data reset from Settings

Factory data reset

When your PM550 system is unstable and abnormal behavior occur but could not recover by rebooting, you may need to “Factory data reset” your PM550

Touch  “App Drawer” →  “Settings” and then “Backup & reset”

Touch “Factory data reset”

Factory data reset from Settings

Factory data reset

Please note, all apps and data in the internal storage will be deleted and restored to “Factory default” and this process cannot “Undo”

Touch RESET PHONE button to start “Factory Reset” process

Touch ERASE EVERYTHING button to confirm erase of “Apps and Data”

Force Factory data reset

Factory data reset

Force Factory data reset your PM550

You can perform “force” factory data reset your PM550. When your PM550 turned off, press “Power” + “Recent” + “Back” button all together. After short vibration from your PM550, you may release the buttons.

PM550 enter to the “Android Recovery” mode. In this mode, all key pad pressing move down the menu tree and “Power Button” is “Select”

Force Factory data reset

Factory data reset

Select "Wipe data/factory reset"

Select "Yes" to perform the "Factory data reset"
After that, your PM550 start wiping the data

Force Factory data reset

Factory data reset

After data wiping, please select "Reboot system now" to finish the "Force Factory data reset" process

FCC warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Caution: Any changes or modifications to this device not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

IC warning

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference; and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This device is restricted to indoor use only within the 5.15 ~ 5.35GHz Band.

Cet appareil est restreint à l'utilisation à l'intérieur seulement dans la bande 5.15 ~ 5.35GHz.

This equipment complies with FCC/IC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be collocated or operating in conjunction with any other antenna or transmitter unless authorized to do so by the FCC/IC.

Cet équipement est conforme aux limites d'exposition aux radiations FCC / IC définies pour un environnement non contrôlé. Cet émetteur ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur, à moins d'être autorisé à le faire par le FCC / IC.

E-label (FCC ID & IC, etc)

Users can able to access the FCC/IC in 3steps in device's manu. The actual steps are :

- Settings -> About phone -> Certificates
