How to clean the screen:
1.Wipe the screen with a clean, soft, lint-free cloth.
This removes dust and other particles.
2.If it is still not clean, apply a small amount of non-ammonia, non-alcohol based glass cleaner on a clean, soft, lint-free cloth to clean the screen.

How to clean the plastic casing:

1.Use a soft, dry cloth.
2.If it is still not clean, apply a small amount of nom-ammonia, non-alcohol based and mild non-abrasive detergent on a clean, soft, lint-free cloth to clean the surface.

How to clean the frame and base

Use a soft, dry cloth.

Disclaimer

Authorized dealer does not recommend the use of any ammonia or alcohol-based cleaners on the LCD screen or plastic casing. Some chemical cleaners have been reported to damage screen and/or display case. Authorized dealer will not be liable for damage resulting from the use of any ammonia or alcohol-based cleaners.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which
    the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help
