Subject: V57-IL04 and ATCB008711 Temporary Confidentiality of some documents.

Dear Sir/ Madam

Our application for certification of the above device was approved in Feb 2010. At that time we listed document "Block Diagram" as temporary confidential by mistake. We have realized now that this document is important for our overall IP protection and wish to make it permanent confidential.

It is therefore, requested to treat the "Block Diagram" in above project as a permanent confidential document.

Thank you very much,

Sincerely,

Inam Rahim
Sr. Hardware Designer
