

Label – Nox Bluetooth LE Module (NOXBLEMOD)

The Nox Bluetooth LE Module will be labelled with the following information:

FCC ID: V5A-NOXBLEMOD
IC: 25077-NOXBLEMOD
HVIN: 4

The label will be a permanent label attached on the shielding box cover. The figure below shows the placement of the label on the module.

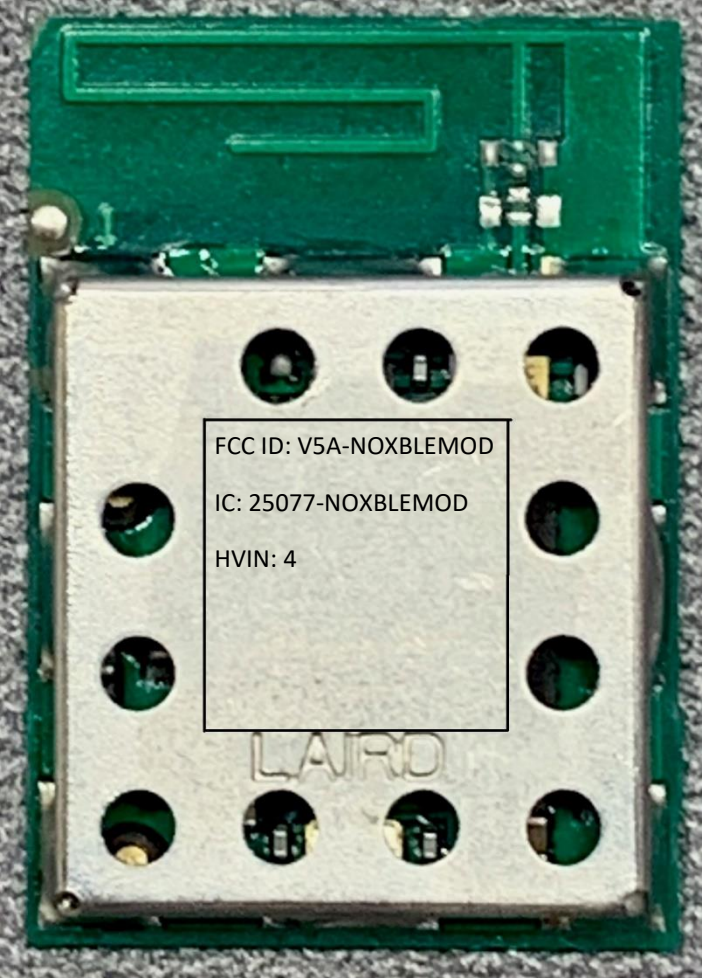

Figure 1 – Shows label placement on module

The PMN (NOXBLEMOD) can be found on the front page of the installation guide.
