## Declaration

To whom it may concern,

**C6725** is a WLAN/Bluetooth combination antenna with **FCC ID: V65C6725**. This WLAN/Bluetooth co-existence mechanism is to ensure that the WLAN and Bluetooth transmitters do not simultaneously operate. Therefore, WLAN and Bluetooth antenna in **C6725** should not be considered to be able to transmit simultaneously.

Though the user perceives that WLAN and Bluetooth can be used simultaneously, in reality, the WLAN and the Bluetooth are time-shared with no overlap in transmission.

Please contact me should you have any questions.

Sincerely yours,

Douglas Dunn  
Director of Regulatory Affairs  
Kyocera Corporation
