

## Model number OASY1 and 101K

FCC ID: V65OASY1

To whom it may concern,

For model number, we used OASY1 since the operator requested to not open the final product name to the public before the press release. The final model number is 101K. We declare that OASY1 and 101K are the identical products.

Thank you for your attention to these matters.

Sincerely,

Company name:	KYOCERA Corporation c/o KYOCERA Communications, Inc.
