Re: Request for confidentiality per 0.457 of FCC Rules

Applicant: Arcadian Networks Inc.
Product: Part 27 Base Station, 757-758 MHz
FCC ID: V72BSR757

Hello,

On behalf of my client Arcadian Networks Inc., I request the following documents associated with this application for certification be withheld indefinitely from public view:

Schematics
Block diagrams
Operational description
Document titled "Components Detail Description" (part of Operational description)
Parts List/Bill of Materials

Arcadian Networks has expended considerable time and funds in developing the referenced product, and disclosure of these documents to competitors would afford them an unfair advantage in developing similar competing products.

If you have questions or need further information please don't hesitate to contact me.

Sincerely,

T.N. Cokenias
Agent for Arcadian Networks Inc.
