To Whom it may concerns,

Pursuant to Sections 0.457(d) and 0.459 of the Commission's Rule and KDB726920, we hereby request nonroutine confidential treatment of information accompanying this application as outlined below:

Internal Photos of a consumer device where the circuit board is enclosed in epoxy or in a material that would destroy the circuit board if removed, or the device is sealed and disassembly would destroy the product.

Internal Photos of a non-consumer device where the device is not accessible to the general public (for example a device mounted on the top of a large tower (or in a fenced enclosure) that is only serviceable by the licensee or designated technicians).

Installation Manual is very technical and is not provided to the consumer because the consumer cannot service the device.

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the applicant and provide unjustified benefits to its competitors.

The applicant understands that pursuant to rule 0.457(d), disclosure of this application and all accompanying documentation will not be made before the date of the GRANT for this application.

Thank you for your attention in this matter.
