

DECLARATION

To Whom It May Concern,

Hereby is to declare the following WiMAX product, which is designed and manufactured by Accton Wireless Broadband Corp., is compliant with the following specifications.

- Model Number: OD200-2.5-ODU
- Product Name: WiMAX 802.16e Wave 2 Outdoor CPE Outdoor unit
- Declare issues: set frequency

Here is the official declaration of two phone ports without any objection. No phone port is currently defined and it will be approved with the FCC. Our software is the same for 2.3GHz, 2.5GHz and 3.5GHz, the working frequency will show "2~4GHz" on webpage. But our product is single band device and will be limited by hardware. It means if the device's hardware is for 2.5GHz, this device only work at 2.5GHz. If the operator sets wrong frequency, it will not work.
