SECTION 5301 (ANTI-DRUG ABUSE) CERTIFICATION:

The applicant must certify that neither the applicant nor any party to the application is subject to a denial of Federal benefits, that include FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862 because of a conviction for possession or distribution of a controlled substance. See 47 CFR 1.2002(b) for the definition of a "party" for these purposes.

Does the applicant or authorized agent so certify? Yes ☒ or No ☐

Applicant/Agent Certification:

I certify that I am authorized to sign this application. All of the statements herein and the exhibits attached hereto, are true and correct to the best of my knowledge and belief. In accepting a Grant of Equipment Authorization as a result of the representations made in this application, the applicant is responsible for (1) labeling the equipment with the exact FCC ID specified in this application, (2) compliance statement labeling pursuant to the applicable rules, and (3) compliance of the equipment with the applicable technical rules. If the applicant is not the actual manufacturer of the equipment, appropriate arrangements have been made with the manufacturer to ensure that production units of this equipment will continue to comply with the FCC's technical requirements.

Authorizing an agent to sign this application, is done solely at the applicant's discretion; however, the applicant remains responsible for all statements in this application.

If an agent has signed this application on behalf of the applicant, a written letter of authorization which includes information to enable the agent to respond to the above section 5301 (Anti-Drug Abuse) Certification statement has been provided by the applicant. It is understood that the letter of authorization must be submitted to the FCC upon request, and that the FCC reserves the right to contact the applicant directly at any time.

Definitions

Subject	Description
Confidentiality	If this item is answered "Yes" a fee is required for the "Request for Confidentiality" in addition to the fee for the requested equipment authorization. The written request for confidentiality must include a justification consistent with the requirements in 47 CFR Section 0.459(a) and (b). The confidentiality request must specifically identify the material to be held confidential. See 47 CFR Section 0.457(d), The material to be held confidential, along with a copy of the request, must be specifically annotated as a separate file in the Exhibits portion of this application.
Software Defined Radio	Select "Yes" if this application meets the definition of a software defined/cognitive radio (SDR) and is being applied for in this application. Software defined/cognitive radio, for regulatory purposes, is defined as "a radio that includes a transmitter in which the operating parameters of the transmitter, including the frequency range, modulation type or maximum radiated or conducted output power can be altered by making a change in software without making any hardware changes." At the present time TCBs cannot certify Software Defined Radios. These applications must be sent directly to the FCC for certification.
