Gentlemen,

In accordance with 0.159 of CFR 47, Sonetics Corporation hereby request confidentiality of all Block Diagrams, Circuit Description, Schematics, Parts List, and Operational Description for the subject application.

These documents contain detailed system and equipment description and related information about the product which Sonetics Corporation considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Sonetics Corporation considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "John Biggi".
