To Whom It May Concern:

MET Laboratories, Inc. is requesting that FCC ID: V9YPMX3-100-2000 be placed in audit mode on behalf of SRI International. During an internal audit we noticed there is no 15C report to support this application. The MPE exhibit will need to be superseded due to typo in calculation. This change does not affect the device's compliance.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

Jennifer Sanchez
