**RE: Wolf Steel Ltd. Transmitters W660-0066 & W660-0067 and Receiver W660-0076**

Dear Joanna,

As requested please accept this letter explaining the differences between our proposed transmitters W660-0066 and W660-0067 for certification with IC and FCC. Please note that both of these transmitters will use the same receiver W660-0076.

I have drawn up a table below for comparison sake to show the difference between the two transmitters, which is also explained in our user guide in greater detail.

FUNCTION	W660-0066	W660-0067
ON/OFF (w/ status display)	X	X
Room Temperature Display	X	X
Low Battery Indicator	X	X
Set Room Temperature (Thermostatically Controlled)		X

Should you require any further information please do not hesitate to contact me anytime.

Thanks again for your help with this project.

Kind regards,

Tiffany Osmond
