

To: Intellex Corporation
2465 Augustine Drive
Santa Clara, CA 95054
Attention: Dean Kawaguchi

Re: Change of Identification Authorization

FCC ID : NTTSR320
Applicant : WJ Communications Inc.
Product Name : Intellex RFID Reader
Model : SR320
Date of Grant : 6/21/2006

Date: May 14, 2007

To Whom It May Concern:

This letter grants authorization to Intellex Corporation to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization in no way relinquishes WJ Communications' right to its current FCC ID number NTTSR320 and in no way removes WJ's ability to continue to utilize the specified FCC ID in the future.

Intellex may manufacture and sell identical equipment under an existing license agreement between Intellex and WJ Communications. The Intellex equipment should be electrically identical with the only change being the labels on the device. The original test results should continue to be representative of and applicable to the changed equipment.

Any change by Intellex in design or circuit outside of permissive changes as described in 47CFR2.1093 will require Intellex to file a new application pursuant to 47CFR2.911 of the FCC rules.

Sincerely,

A handwritten signature in black ink, appearing to read 'Haresh Patel', is written over a horizontal line.

Haresh Patel, Senior VP of Sales and Marketing
WJ Communications Inc.
