Note: This non-consumer device is inaccessible to the general public and situated in a secured and locked environment. The equipment is only serviceable at the factory or by the licensee or their designated technicians,

Nokia Solutions and Networks has spent substantial effort and resources in developing this product. The public disclosure of this information may be harmful to the company and provide unjustified benefits to our competitors.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Short-Term Confidentiality:

The applicant requests any exhibits selected above as short term confidential be withheld from public view for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify FCC in the event information regarding the product or the product is made available to the public. FCC will then release the documents listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.

The applicant understands that until such time that Industry Canada distinguishes between Short Term and Permanent Confidentiality, either type of marked exhibit above will simply be marked Confidential when submitted to IC.

Sincerely,

By:
