RE: Confidentiality Request  
FCC ID: VBNFXFB-01

Please be advised that under the provision of 47 CFR 0.459, the following exhibits are to be held confidential on behalf of Nokia Siemens Networks.

Nokia Siemens Networks is also requesting these exhibits to become permanently confidential. This non-consumer device is inaccessible to the general public and situated in a secured and locked environment. The equipment is only serviceable by the licensee or his designated technicians, or at the factory.

- Operation Description (Theory of Operation)
- Block Diagram
- Schematics/Parts List
- Internal Photos
- User Manual
- Tuning/Calibration Procedure

The bulleted list exhibits are to be held confidential.

Confidentiality of the User Manual is maintained by requiring that any party who is supplied the User Manual must sign a non-disclosure agreement. Internal photos are kept confidential by virtue of the fact the cabinet in which the certified equipment is housed is secured with a lock and the cabinet itself is in a secured area only accessible by approved maintenance personnel.

The application contains technical information that Nokia Siemens Networks deems to be trade secrets and proprietary. If made public, the information can be used to the disadvantage of the applicant in the market place. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "Steve Mitchell".

Steve Mitchell  
Compliance Engineer
