

## Letter of explanation for Supersede

To: EASADMIN

Date: 08 Oct 2010

FCC ID: VBU-ALV2DCU

To whom it may concern,

The test report has been replaced. The reason of supersede is:

Clause 1.4 Tested System Details was revised.  
Model name and other of "Peripherals" and "EUT" were corrected.  
It was only a typing error, no changes in test result.

Therefore we request to supersede it.

Best regards,

Bert Vos
