RE: Declaration of Similarity
FCC ID: VC7120-0118
IC: 8910A-1200118 (Aura 21 family)

To Whom It May Concern:

Please be advised that the models Aura 21 and Chroma 21 are electronically identical, all RF measurements and test results are exactly the same.

Aura 21 is the baseline model containing the same EDK287 PCB module used in both variants.

Chroma 21.
This has a display with an additional colour. All other items are identical.

difference	Change details
Display module	Display includes red particles as well as black. The display control interface is identical. There is no change to the system control or frequencies used during display update.

Thank you for your attention to this matter.

Yours faithfully
