

DD16X (Chroma 16L) Product identification and label positions

HVIN: DD16X

FCC: VC7120-0195

IC: 8910-1200195

Battery Cover - Explanatory Notes:

If the battery cover (which contains the FCC ID) is removed, the device becomes non-operational as the cell is removed as part of the battery cover (see internal photos exhibit). A special tool is required to remove the battery cover, which also cannot be removed whilst the unit is installed in typical shelf-edge installations.
