1) Please put RF Exposure statement in the user's manual.

FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End users must follow the specific operating instructions for satisfying RF exposure compliance.

R. An old version of the manual was inadvertently uploaded. "Gateway DC User Manual revised" has been uploaded and is the correct version that addresses the requirement above.
