Subject: **Permanent Confidentiality Request** for FCC ID: VECDF6

We hereby request confidential treatment of information accompanying this application as outlined below:

- Schematic diagram(s)
- Block diagram(s)
- Operational Description

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

Additionally, we request that the internal photo(s) to be kept confidential permanently. The oscillator design is in such a way that the operating frequency is set after the cover enclosing the circuit is sealed. Removal of this cover will alter the operation of the oscillator, even if it is re-sealed again. Furthermore, the module is usually integrated into end users' products and they are typically housed in an enclosure and not accessible to general public, but by technicians.

We understand that pursuant to Section 0.457 & 0.459 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Sincerely,
