13th June 2007

LB200 FCC ID : VECLB200 , is seeking FCC Authorization as a modular transmitter. The EUT meets the requirements for modular approval as detailed in FCC public Notice DA00-1407. Compliance to each of the requirements is described below:

The followings are:

1. The modular transmitter has its own RF shielding.
2. The modular transmitter is operating in continuous mode (CW) and therefore does not have any buffered modulation / data inputs.
3. The modular transmitter has its own power supply regulation.
4. The modular transmitter complies with the antenna requirements of section 15.203 and 15.204(c).
5. The modular transmitter shall be tested in a stand-alone configuration.
6. The modular transmitter shall be labeled with its own FCC ID number.
7. The modular transmitter shall comply with any specific rule or operating requirements applicable to the transmitter and the manufacture shall provide adequate instruction along with the module to explain any such requirements.
8. The modular transmitter shall comply with any applicable RF exposure requirements.
