Re: Declaration of Professional Installation, FCC ID: VG5RX1400

We, Siemens RUGGEDCOM, PD PA CI, 300 Applewood Crescent Concord, ON, L4K 5C7, declare that the following products with FCC ID: VG5RX1400

Type Designation: RUGGEDCOM RX1400

will only be installed by trained professional engineers. The device cannot be sold retail, to the general public or by mail order. It must be sold to trained dealers or directly by Siemens sales team. The intended use is not for the general public. It is generally for industry/commercial use. The device is specialized to be used in harsh environment and is used by electrical utilities, oil industry, mining and municipalities. All of which consult in-house or Siemens professional services for the design and deployment of the network.

To prevent mistakes in WLAN parameters settings, there is a separate order number for the product sold in the US. With this order number the password to change the WLAN parameters is different to the non US version and not be written in the manual. Siemens will provide this password only to professional installers.

The professional installer is instructed to change the default password to prevent that non authorized personal change any parameters in the device. In addition the product supports multiple user access levels such that professional installer can provide the end user with read only access to prevent changes of any parameters.
