

**GUANGDONG MIDEA KITCHEN APPLIANCES MANUFACTURING CO., LTD.**

Date (26/11/2021)

Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MD 21046

**Modular Approval Request**

**FCC ID: VG8MWBWB01**

**The following attestation addresses the requirements to support modular approval:**

<b>Modular approval requirement</b>	<b>Yes (provide brief statement)</b>	<b>No *</b>
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	The module contains a metal shield which covers all RF components and circuitry. The shield is located on the top of the board next to PCB antenna	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	All inputs to the modules are buffered through logic or microprocessor inputs.	
(c) The module must contain power supply regulation on the module	A low drop out regulator is used for modular power supply regulation.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Device is equipped with PCB antenna.	
(e) The module must demonstrate compliance in a stand-alone configuration	Distance between modular and all AEs are shorter than 10cm , refer to setup photo.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	The modular has a permanent fixed label, and below statement was listed in the Users Manual; The host device must be labelled to display the FCC ID of the module Contains FCC ID: VG8MWBWB01	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	The module comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee, Refer to test report and user manual .	

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	Transmitter meets MPE calculation of 47 CFR 1.1307 . Refer to MPE Reports and Refer to modular installation manual	

\* Please provide a detailed explanation if the answer is "No."

Sincerely,

Signed:
