

## Attestation Letter

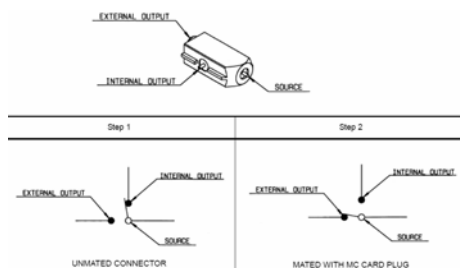

Date: 2010.11.16

We CACE Technologies, LLC hereby declare that the device under FCC ID: VHL-AIRPCAP-NX contains built-in antenna and external antenna. For the external antenna, only the specified one (as below indicated) can be connected to the device via the unique cable (as below marked, just 0.5m) .The other antennas and external antenna cables will be unavailable.

Antenna connector

External Antenna cable connector

Cable photo

External Antenna part name: AGP-I2405SMR

External Antenna cable

length: 0.5m

External Type: High Gain Omni Directional Antenna

External Antenna Spec.:

Antenna photo

### Electrical Properties:

Frequency Range: 2.4~2.5 GHz  
Impedance: 50Ω nominal  
VSWR: <2.0:1  
Gain: 5 dBi  
Radiation: Omni  
Polarization: Vertical

Sincerely,

John Bruno / President
