6731 Whittier Ave, McLean, VA 22101

September 20, 2007

RE: Arad Technologies Ltd.

FCC ID: VIDCENTRON

After a review of the submitted information, I have a few comments on the above referenced Application. Depending on your responses, kindly understand there may be additional comments.

- 1) This application requests internal antenna photos to be held confidential. However this exhibit does not appear to be complete (i.e. only one side of photos of the antenna were provided). Please provide.
- 2) Bandwidth should be measured with a RBW of 100 kHz (VBW = 3 \* RBW). Please remeasure. See attached procedures for detail.

Timothy R. Johnson  
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
