

- Spun metal control panel
- Blue LED light ring
- Mic holes - all around
- Buttons molded and painted silver to match spun metal finish (Graphics silkscreened, pms424)
- Four arcs silkscreened gray pms424
- Button icons silkscreened gray pms424

- 808 logo laser etched or silkscreened gray pms424
- Surface under grill cloth is painted matte black, or a matte black sticker is applied to contrast with the light gray hex sub-frame. This allows the hex pattern to be seen through the cloth.
- Button graphics laser etched or silkscreened gray pms424
- Buttons painted silver to match anodized main housing

- Electroplated chrome accent ring

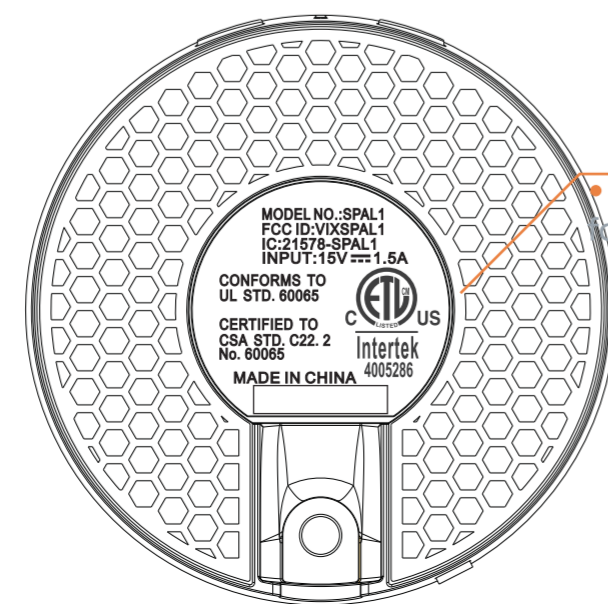

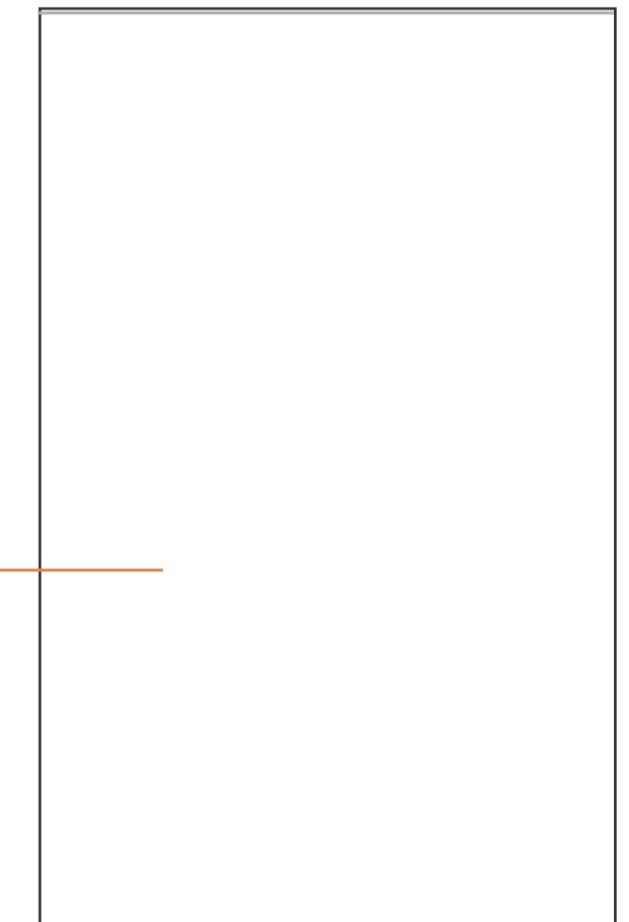

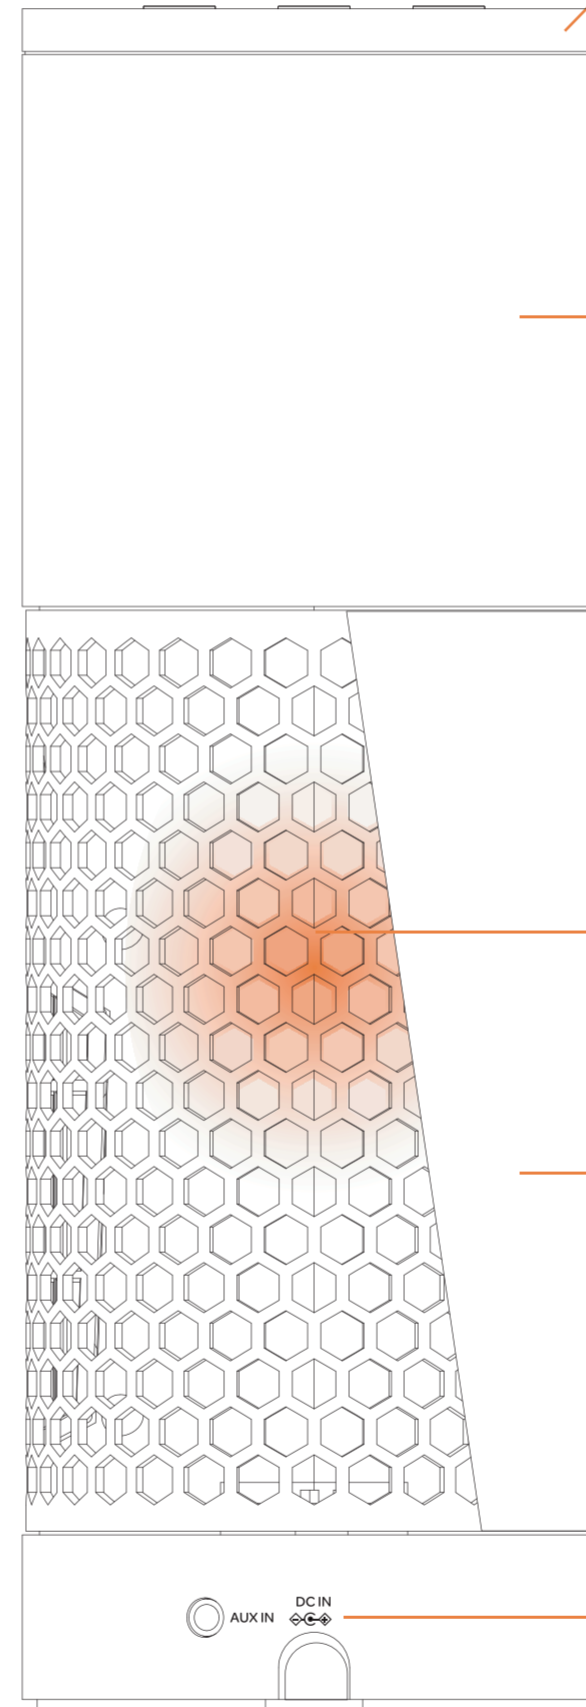

- Aluminum main housing (bead blasted to a satin finish and anodized to match cloth color)

- Molded light gray plastic sub-frame with hex hole pattern visible underneath grill cloth.

- Semi-transparent silver grill cloth allows light gray sub-frame to be visible. (Note: grill is NOT customer removable)

- Graphics laser etched or silkscreened gray pms424

- Molded matte gray silicone foot with hex pattern (pms424)

- Spun metal control panel
- Blue LED light ring
- Mic holes - all around
