Federal Communications Commission:

Innovation, Science and Economic Development Canada Certification and Engineering Bureau:

Usage and Installer Statement for: FCC ID: VJB-OPTICOMGPS4. and IC ID: 7275A-OPTICOM4

This letter is to declare that all Global Traffic Technologies (GTT) family of products including the radio and antenna assembly are exclusively sold to approved dealers and authorized end users. The products are not available for sale to the general public. These products are installed on ambulances, police cars, fire trucks, transit vehicles and intersection traffic control cabinets. Professional installers are required to properly locate the antenna and connect and configure the GTT products for correct operation and interaction with multiple vehicle and traffic cabinet subsystems.

GTT requests our dealers and authorized end users to attend certified installer training such that the products including radio and antenna assembly are installed by trained professional installers only.
