

## Frequency of Operation

October 10, 2011

Federal Communications Commission  
Equipment Approval Services  
Post Office Box 358315  
Pittsburgh, Pennsylvania 15215-5315

To Whom It May Concern:

Please be advised that Dbii Ltd can guarantee that the F52N-PRO shipped to the US will not be capable of transmitting outside its authorized bands irrespective of the software or driver used with the device. Below are the authorized frequency bands:

2400–2483.5 MHz

5725–5850 MHz

4940-4990 MHz

This will be achieved by hard-coding the frequency settings in the radio cards EEPROM.

Sincerely

A handwritten signature in blue ink, appearing to read "Rammohan Malasani", with a long horizontal stroke extending to the right.

Rammohan Malasani
